

## Prescription drug list

*An evidence-based pharmacy program that works for you*

For medications not listed, Moda Health provides an online drug price check tool for members. You can access this resource by logging in to your myModa account at [modahealth.com](http://modahealth.com) and choosing the Pharmacy tab.

### **What is the Moda Health Preferred Drug Program?**

The Moda Health Preferred Drug Program is a pharmacy program that offers a choice of medications that are safe and effective treatments. The program provides value to Moda Health members by saving them money on prescription medications.

### **How does the program work?**

This program uses a tiered copay/coinsurance system. Members and their doctors can choose between the value tier, select tier, and preferred tier. Each tier has a different copay/coinsurance amount and what you pay depends on your plan. Refer to your Member Handbook or call Moda Health for plan details or specific medication tier information.

### **Who makes decisions about medications on the prescription drug list?**

The list is developed and maintained by a group of doctors and pharmacists called the Pharmacy and Therapeutics Committee. These doctors and pharmacists are not employed by Moda, but may see patients who have Moda coverage. The Committee makes decisions based on information about a medication's safety, effectiveness and associated clinical outcomes.

**For more information about our Preferred Drug Program, please visit [modahealth.com/pebb](http://modahealth.com/pebb) or call us toll-free at 844-776-1594.**

## How to read your prescription drug list

Refer to the chart below for a list of prescription medications covered by Moda Health. Medications that are new to the market are subject to a review period. Please contact us if you are taking a medication that is new to the market.

Please see your plan documents for specific coverage level for anti-cancer, infertility, immunizations, diabetic supplies and insulins.

To find out more information about the restrictions below, please refer to the “Medications Requiring Authorization” after the “Prescription drug list” within this document.

| Drug Tier Key                  |   |
|--------------------------------|---|
| <b><i>Bold Italic Font</i></b> | <b>Brand name medications</b>   |
| Regular Font                   | <b>Generic medications</b>  |
| V                              | <b>Value tier</b> – Value medications include commonly prescribed medications used to treat chronic medical conditions and preserve health.   |
| G                              | <b>Generic tier</b> – Generic medications are considered by physicians and pharmacists to be therapeutically the same as brand name alternatives and more cost-effective. Generic medications must contain the same active ingredient as their brand name counterparts and be identical in strength, dosage and formulation.  |
| B                              | <b>Brand tier</b> – This tier includes brand name medications that have been reviewed by Moda Health.   |
| S                              | <b>Specialty tier</b> - This tier includes generic and brand name specialty medications.  |
| Restrictions Key               |   |
| ACA                            | <b>Preventative care</b> – These medications are covered under the Affordable Care Act and considered preventative medications. They may be covered at no cost to you. Certain restrictions may apply.  |
| CH                             | <b>Chemotherapy medications</b> – Medications indicated as cancer chemotherapy medications may be covered at a lower cost. Refer to your Member Handbook or call Moda Health for plan details or specific medication coverage information.  |
| SP                             | <b>Specialty medications</b> – Certain prescription medications are defined as specialty products. Specialty medications are often used to treat complex chronic health conditions. Specialty treatments often require special handling techniques, careful administration and a unique ordering process. You must access specialty medications through the exclusive specialty pharmacy. All specialty medications require a prior authorization before they can be dispensed. To enroll with Ardon Health Specialty Pharmacy, call toll-free at 855-425-4085. |
| PA                             | <b>Prior authorization required</b> – Your healthcare provider must work directly with Moda Health to obtain approval before we can process payment for a specific medication.  |
| QL                             | <b>Quantity limits</b> – Some medications have limits to how much you can get per prescription or refill.   |
| ST                             | <b>Step therapy required</b> – You must try one or more “first line” medications before you can get this step therapy medication.   |
| A                              | <b>Age limits</b> – Some medications are limited to certain ages based on FDA recommendation or plan benefit limitations.   |

This list of medication authorizations changes periodically. To learn about a medication's prior effective date, request authorization or see if your medication needs it, please contact our Pharmacy Customer Service team.

| Drug Name                            | Dosage            | Drug Tier | Restrictions |
|--------------------------------------|-------------------|-----------|--------------|

## Prescription medications requiring authorization

*Learn which medications have restrictions, like prior authorization, step therapy and quantity limits*

Some medications have special requirements that could affect your prescription. Read on for details about those requirements so you know what to expect.

This list of medication authorizations changes periodically. To learn about a medication's prior effective date, request authorization or see if your medication needs it, please contact our Pharmacy Customer Service team.

### Quantity limits

Some medications have limits to how much you can get per prescription or refill based on FDA recommendations.

### Step therapy

Step therapy requires you to try one or more "first-line" medications before proceeding to higher cost alternative treatments.

### Age limits

Some medications are limited to certain ages based on FDA recommendation or plan benefit limitations.

### Questions?

Call our Pharmacy Customer Service team toll-free at 844-776-1594.

## Quantity limits

Some medications have limits to how much you can get per prescription or refill based on FDA recommendations.

# Nondiscrimination notice

**We follow federal civil rights laws. We do not discriminate based on race, color, national origin, age, disability, gender identity, sex or sexual orientation.**

We provide free services to people with disabilities so that they can communicate with us. These include sign language interpreters and other forms of communication.

If your first language is not English, we will give you free interpretation services and/or materials in other languages.

---

**If you need any of the above, call Customer Service at:**

888-217-2363 (TDD/TTY 711)

**If you think we did not offer these services or discriminated, you can file a written complaint.**

**Please mail or fax it to:**

Moda Partners, Inc.  
Attention: Appeal Unit  
601 SW Second Ave.  
Portland, OR 97204  
Fax: 503-412-4003

**If you need help filing a complaint, please call Customer Service.**

You can also file a civil rights complaint with the U.S. Department of Health and Human Services Office for Civil Rights at [ocrportal.hhs.gov/ocr/portal/lobby.jsf](http://ocrportal.hhs.gov/ocr/portal/lobby.jsf), or by mail or phone:

U.S. Department of Health  
and Human Services  
200 Independence Ave. SW, Room 509F  
HHH Building, Washington, DC 20201  
800-368-1019, 800-537-7697 (TDD)

You can get Office for Civil Rights complaint forms at [hhs.gov/ocr/office/file/index.html](http://hhs.gov/ocr/office/file/index.html).
